SUBJECT : Problem Solving Seminar #6

25X1A6a 1. The Support Directorate's sixth seminar will be held 20 - 25 September 1970 at [REDACTED] I have been designated as the Office of Logistics representative. The Office of Logistics is sponsor for this problem:

What can be done to increase attractiveness of the several retirement systems? Has CIARDS implementation and operation met its objectives? Is dramatic reduction in life insurance coverage under Agency-sponsored programs upon retirement a deterrent to an employee who might otherwise opt for early retirement? If so, what can be done to minimize the situation?

2. Some action has already been taken to provide for continued life insurance coverage under Agency-sponsored programs. Comments, suggestions, and/or recommendations that you or your people might have relating to increasing the attractiveness of the several retirement systems would be appreciated. Your input will enable me to better represent the Office of Logistics and might very well result in favorable modifications to the existing retirement systems.

3. I would appreciate having your comments and suggestions by 11 September 1970.
